7/ START A NEW BATCH, ENTER BATCH DETAILS

- The following buttons are available in the software :
  - o ADD THE DATE, which adds the date inside the chart
  - o REMOVE SELECTED COLUMN, which removes the column (Statistics already displayed : Average and Standard deviation are not adjusted, but future statistics : Future columns to be displayed will include this modification)
  - o ERASE DATA deletes all data inside the chart
  - o EXCEL EXPORT WITH FREE NAME choice : You can export data to Excel and name the file
  - o EXPORT BATCH STATISTICS TO QR CODE : The QR code includes the date, the average and the standard deviation of the batch once you click on this button. Then just scan the QR code with your smartphone for example in order to collect those data
